AUTUMN PROGRAMME 2026 SESSION DETAILS

A Journey Through Leading in Chaos – a Clarion Call for a New Future

Session 1 | September 17 FOUNDATIONS

Drawing on what we see daily in our clients and in our own work, this session explores why deep inner work is now essential — introducing key distinctions and the possibility of a return to love.

Session 2 | October 7 RELATIONAL INTELLIGENCE

Listening to others, the self, and the world to expand our perceptual field. In this session, we consider what we mean by emotional intelligence and explore teams as fields for authenticity.

Session 3 | October 22 TRAUMA INFORMED LEADERSHIP

Why it is essential in today's world to create collective fields for healing ancestral and collective trauma on individuals, teams, and organizations.

Session 4 | November 6 EMBODIMENT

A return to aliveness — moving beyond our normalized state of over-identification with thinking. Together we will examine flow and breaking the spell of being so disembodied.

Session 5 | November 20 OPEN HEART

In this session, we will explore the path of the open heart including creating spaciousness, devotion and taking the time, the nature of the soul void, and the One Heart.

Session 6 | December 4 BEFRIENDING THE MYSTERY

How to “Live in the Nowhere that you come from” (Rumi). Here, we explore eternity, love unbounded, and shifting from Identity to the larger field.

Session 7 | December 15 TO BE A BLESSING

We will close with a deeper consideration of what it means to heed the call and become all we are meant to be to steward a better future for all.
